From all the teachers at the Institute:

We wish you a merry Christmas,
We wish you a merry Christmas,
We wish you a merry Christmas,

And a happy new year!

Christmas in Australia is in the summer. Can you imagine? Don't you think Santa would be really hot in all those clothes in Australia? Well, when he gets there (before Portugal), he goes surfing. And in the 'bush' – middle of Australia – he uses a Kangaroo to get from place to place. 😊

WOW WORK!

My Hometown

My hometown is the city of Porto, in the north of Portugal. It's one of the biggest cities of the country, and it's a great place to live! Porto is near the coast so the weather is not too hot but it isn't too cold either. It is also a touristic city so I have a lot to do...

Me and my friends have a lot of places to hang out here, because in the summer, we can go to the beach and have fun there, or walk and ride a bike in the park. And there are a lot of shopping centres too, so in the winter we can go shopping and have lunch together even when it's raining, so it's never boring.

Porto is a wonderful city, it has many interesting monuments, so a lot of tourists come to the city every year. The only problem of a big city like Porto, it's that we can't walk alone in the streets, especially at night because it can be dangerous.

Porto is a beautiful city, and I love it! I think it's a great place to live!

Hi there! So today I'm going to do something that I've seen a lot of people doing lately: writing about themselves and their hobbies.

First of all, my name is Augusto, Daniel AUGUSTO (I prefer Augusto 😊), and I'm thirteen years old. To describe myself in 3 words, I'd say that I'm smart, shy and helpful. My favourite hobby is playing video games. It is because it distracts and allows me to experience stuff that I wouldn't otherwise.

Before I forget, I also play the piano, and I love doing it! Right now I'm learning a quite difficult song called "The Flight of Bumblebee", and it's played so fast.

To finish, a hobby (or who knows, a career) that I'd like to have in the future is programming. I don't know why, but I always wanted to do so!

Me,

Augusto

Hi Maria;

Do you want to come to the basketball club with me? It is on Tuesdays and Thursdays at the Sports Club.

It starts at 4:30 and it finishes at 5:30. You have to come because if you don't I will be very sad! It is cheap too!

My mom knows the teacher and he is very funny, believe me!

I hope you can come!

Love you, Teresa!

A fun schooltrip

Last month, me and my class went to AEREV, a Institution for disabled people. As soon as we got there, we were introduced to some of the people that lived and worked there. Then we went to a separate room so we could learn and understand some of the difficulties those people had on their day by day. After all the different activities we did there, we were led by the coordinators so we could do a guided visit around the working floor of the institutional building. We all enjoyed that trip and most importantly the people we met there. It was really fun.

My school Trip

My fourth grade trip was unforgettable.

We went to Lisbon by train and we visited "Kidzania" during all the morning. We played a lot and we lunched there.

After that we went to Lisbon Oceanarium, and I took lots of photos with my mobile phone.

In the end of this long day, we went to a hotel. We had dinner and I slept with two of my best friends.

The next day, we had breakfast and we visited the Lisbon Zoo during all day. We had lunch at McDonalds and we bought travel souvenirs.

To finish in big style, we went to home by plane.

On Oporto's airport our families were waiting for us.

It was a very special trip that I will never forget.
